

THE MAGNA ANIMA GENIUS PROJECT

The 90-Day Sovereign Sprint.

One arc. Three protocols a day. One honest reflection a week.

V1 · BETA DROP

HOW TO USE

Read this once. Then begin.

This workbook runs ninety days. Not because the number is magic, but because it is long enough to forge proof and short enough to feel. You will write daily, reflect weekly, and audit yourself at the 30, 60, and 90-day gates.

Each day asks one question, holds three rituals, and ends with one line of the truth. Each week asks five questions. No more. No less.

There is no app, no streak, no theatre. Only you, the page, and the proof you stack.

The four pillars hold the work:

INTELLECT	*Sharpen the blade. Read deeply. Think clearly.*
HEART	*Feel without flinching. Love without bargaining.*
EMPOWERMENT	*Move your body. Master your craft. Hold your ground.*
PURPOSE	*Aim at something larger than yourself. Then aim again.*

90-DAY VISION

Who will you have become?

THE PROOF I WILL HAVE MADE:

WHAT I REFUSE TO NEGOTIATE:

WHAT I WILL LET GO OF:

THE ONE METRIC THAT MATTERS:
